SAFE BLOWN AT GEORGETOWN P. O.

**Explosion Frightened Negroes
Who Gave Alarm—Bandits
Auto Destroyed By Fire**

(By Associated Press)
Georgetown, April 24—Thieves last night blew the combination to the safe in the Georgetown, Ky., postoffice. The explosion awakened negroes who frightened them away. The thieves fled in an automobile which overturned on a curve and caught fire and was destroyed. The men escaped. Postmaster R. H. Anderson reported the contents of the safe to be intact.

ELEPHANTS IN OVERALL PARADE

(By Associated Press)
New York, April 24—Thousands of New Yorkers protested against the high cost of clothing today, by watching the overall parade, included in which were elephants in blue denim, chorus girls in automobiles, girls in gingham dresses and girls in overalls. The male contingent wore patched pants and plain overalls. The paraders numbered several hundred.

ALLEN CLEANS UP MORE THAN MILLION

(By Associated Press)
New York, April 24—Allen Ryan, chairman of the Stutz Motor Car Company board, today agreed to settle with the Stutz stock "shorts" for \$550 per share. It is estimated that Ryan's profit is a million six hundred and fifty thousand dollars. Fifty-five hundred shares were involved. Ryan denied that he cornered the Stutz stock. He asserted that he acted merely to protect Stutz stockholders from a "gang of raiders" who attempted to beat the price down.

Agreement Is Reached On Attitude Of Allies

(By Associated Press)
Son Remo, April 24—Premiers Lloyd George and Millerand have reached a complete agreement on the attitude of the Allies toward Germany in connection with the carrying out of the peace treaty, it was stated here today.

Kentucky Director Resigns

(By Associated Press)
Washington, April 24—Walker D. Hines, Director General railroad, has resigned and his resignation has been accepted by President Wilson to become effective May 15.

Western Embargo Lifted

(By Associated Press)
New York, April 24—The New York Central today announced that the embargo on westbound freight, in effect since the unauthorized railroad strike began, was vacated today, releasing large quantities of merchandise for western purchasers.

Recognizes Armenian Republic

Washington, April 24—The United States today formally recognized Armenia as an independent republic.

Weather For Week

Washington, April 24—Weather predictions for Ohio Valley—Unsettled and showers first half followed by fair and cool.

Caillaux Given Freedom

Paris, April 24—Former Premier Caillaux, convicted Thursday of having commerce and correspondence with an enemy, has been freed. He arrived home here today and refused to make a statement beyond saying he would not be in Paris May 1st.

Don't forget Muncy Bros. concert tonight at McKee's Rink.

THE MARKETS

Louisville, April 24—Cattle 200, slow; \$5 to \$13; hogs 1,500; \$10.00 lower; \$8 to \$14.50; sheep 50; steady and unchanged.

Cincinnati—Hogs mediums, 25c higher, \$16.00; packers easier; \$15.50; Chicago lower; cattle steady.

WOMEN URGED TO ATTEND CONVENTION

A week from today Democrats of Madison county will meet at the courthouse to select delegates to the democratic convention. Formal call has been issued for the meeting. In view of the fact, however, that the good women of Kentucky are entitled to vote in presidential race this fall, they are especially urged to attend this county convention, and take a part in the proceedings. The democratic women of Kentucky are rapidly becoming aroused to the necessity of active participation in politics on their part. Clubs are being formed at a number of points and the women are acquainting themselves with the issues and methods of voting. Miss Laura Clay, of this county, who is an active democrat, will undoubtedly be selected on the Madison county delegation to the state convention, and other women will also be named. In fact, it is the purpose of party leaders among the men to give ladies equal and full representation along all lines. It is said to be probable that steps will be taken here at an early date to organize a women's democratic club along the lines of that formed at Lexington. However, every democratic man is urged to bring his wife and daughters to the convention to be held at the court house next Saturday afternoon at 1 o'clock.

CLAY COUNTY RAID BIGGEST IN HISTORY

The biggest prohibition raid in the history of Clay county was put through by a party of federal agents, C. L. Winfrey, Neal Gilfoyle, S. G. Cornet, and J. M. Kavanaugh, this week. Nine stills, several hundred gallons of mash and beer and three alleged moonshiners were caught in the net. Joe Jones, R. H. Bowling and Carlo Smith, the men arrested, were taken before the U. S. Commissioner at London Friday and held in \$500 bail for the federal grand jury. Smith was unable to furnish bail and was committed to jail. The captured stills were located on Little Goose Creek.

Don't forget Muncy Bros. concert tonight at McKee's Rink.

PROGRAM "Tune Of His Life"

Presented by
Senior Class of
Paint Lick High School
Thursday Evening, May 13th, 8 o'clock

Officer Hogan.....Herbert Halston
Synopsis
Act I. Mr. and Mrs. Wycombe unexpectedly arrive at Grey's home.
Act II. Dinner served in Grey's home.
Act III. Among pots and paste and ladders.

WARNER ENJOYS SOUTHWEST HUNTING

H. B. Warner combined business with pleasure in the filming of "The Gray Wolf's Ghost," the powerful screen version of Bret Harte's story "Marjua." The scenes were laid in the great Southwest and Mr. Warner, who is an enthusiastic hunter and fisherman, enjoyed himself immensely in the brief periods when he was away from the camera.

The story is of the old days when the pioneer railroad men were at work on the great stretch of railroads which now cross the country. Mr. Warner visited many historic spots where white men fought the Indians in the battle of civilization will be shown here Monday.

E. P. Kelly, identified with the circulation department of the Lexington Herald, is suffering from injuries sustained by being run down by an automobile. He is not seriously injured. Mr. Kelly was united in marriage some time ago to Mrs. Steve Elvis, of the Paris restaurant, this city.

Muncy's Concert Tonight at 8:15.

FEW COMPLAINTS TO BE REPORTED

**State Fire Inspector Will Give
Richmond Almost Clear Re-
cord In Obeying Law**

A deputy state fire inspector visited Richmond Thursday and spent most of the day investigating the conditions generally. According to reports left, the merchants and business men of the city are complying with the state law regarding the abolishment of rubbish etc., since there was not a single complaint made of any of them. He visited mill, workshop, store and hall. The work was the most complete, it is said, that has been done in Richmond for some time. The report of the inspector will show a clear record, with the exception of a few changes advised and a more extensive fire extinguishing apparatus for a number of institutions.

A BIG WEEK IN GREAT MOVEMENT

This is the week of the simultaneous campaign of the Protestant churches united in the Inter-church World Movement. Dr. W. A. Ganfield, President of Centre College and State Campaign Manager of the New Era organization, gave out the following statement in Louisville:

"The churches of the state are making a wonderful response to the challenge of the New Era. Not only have many churches enlarged their local program and increased their budget of local expenses, but I believe the churches of the Presbyterian denomination will increase their gifts for national causes and world work by at least 50 per cent. It is very interesting to watch the churches as they put their money raising campaigns on a business and spiritual basis. It is equally interesting to witness the growing recognition of the value and importance of the spiritual message of the church in the modern business world. More of business method in the management of religion and more of religion in modern business is the accepted slogan of all live men in this New Era of the world."

Go To Sunday School Day

At the meetings of all the Sunday schools in the city and county, tomorrow there will be mentioned the fact that go-to-Sunday-school day, will be just one week off, and it is the duty of every teacher and student to invite friends and acquaintances, and in fact, everyone to be in attendance upon that date. There will be special programs and most interesting meetings at all of the Sunday schools throughout Madison county.

HOME FROM K. E. A.

The big delegation from the Normal School attending the K. E. A. at Louisville during the week, returned home Friday night in the special car on the L. & N. and all reported a most excellent time. President Coates and G. M. Brock remained over until the close of the convention. They will return tonight. The convention was voted one of the most interesting held in years.

Chamberlain's Cough Remedy

The greatest benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakeney, Decatur, Ill., writes "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself." If.

THIRTY-NINE POUND FISH TAKEN FROM KY. RIVER

Now when it comes to fish, Burton Roberts claims to have the largest in the city and at a late hour the honor had not been contested. It is a channel cat, which tips the scales at the 39 pound mark. It was caught last night from the Kentucky river by Oscar Newby, at Valley View. The fish was brought to the city Saturday morning by J. E. Reagan, who turned it over to the purchaser, Mr. Roberts. This is the second fish of such large proportions taken from the river in the vicinity of Valley View recently, one having been caught last week weighing a trifle more than forty pounds.

Don't forget Muncy Bros. concert tonight at McKee's Rink.

UNITED STATES DISTRICT COURT

**Big List Of Criminal Cases
Booked For Hearing—Court
Opens Monday Afternoon**

The April term, United States District court, which opens next Monday morning, will doubtless be a busy one, owing to there being about thirty cases in the criminal line, having been carried over from last term. Besides these, there are about fifty criminal cases added to the list to be disposed of.

Presiding, will be Hon. A. M. J. Cochran, with United States Attorney Thomas D. Slattery and United States Marshal H. M. Cox, in attendance. Clerk J. W. Menzies, as well as his deputy, Miss Sara M. Monday, of this city will occupy their usual official position.

The docket as prepared for the coming term is as follows:

Matilda Besuden vs. Emily C. Besuden et al.

Winchester Water Works, Co. vs. City of Winchester.

Elizabeth Stacy vs. United States.

Charles W. Sale vs. United States.

J. D. Alexander vs. United States.

J. W. Lindley vs. W. S. Radure. On Appeal.

Anna M. Yelland, Tr. etc. vs. Belvin Starns.

Edna Davis et al. vs. Christopher Tipton.

N. C. Morse, Trustee, vs. Jesse M. Smyth, et al.

N. C. Morse, Trustee, vs. J. A. Shackelford, et al.

Dana D. Flanagan vs. Willie Bashaw. Set for trial April 28.

Anna Anderson vs. James S. Anderson.

C. F. Sentz, et al. vs. J. B. McGuire et al.

Garret D. Tipton vs. United States.

J. I. Rader, et al. vs. J. L. Conover, et al.

Lincoln Oil & Gas Co. vs. Duquesne Oil Co., et al. Set for trial April 28.

U. S. vs. W. T. Bailey, et al.
U. S. vs. Arch Snowden, et al.
U. S. vs. L. A. Harrison, et al.
U. S. vs. Harrison Banks, et al.
U. S. vs. Dr. C. B. Combs, et al.
U. S. vs. W. E. Luxon, et al.
U. S. vs. Harrison Banks, et al.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed in to diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

FOR RENT—Five room house; good garden and barn; located on Estlin avenue, near barrel factory. See James Kidwell.

ROBBERS ROOST, SAYS SEN. CAPPER

**Republican From Kansas Tosses
Bombshell Into Ranks In Ad-
dress In Senate Today**

(By Associated Press)
Washington, April 24—"The United States has become a robbers' roost," Senator Capper, republican, of Kansas, declared in a prepared address in the Senate today, in which he scored profiteering and declared that if the law enforcement officers of the government could not enforce the laws, they should resign and let men who can, take their places.

Declaring the proof of profiteering was in a margin of profit, the Senator said in one year alone during the war, the gross income of American corporations rose from thirty-five and one-third billion dollars to eighty-four and a half billions. He read to the Senate a list of corporations whose profits were placed anywhere from twenty to two hundred per cent.

"Wall Street melon patches," he asserted, "continue to be warmed by the sun of privilege and fertilized by the perspiration of labor and watered by the tears of poverty."

"The most brazen challenge just now, however, is asserted in this saturnalia of greed which comes from gamblers in sugar," he declared.

TOBACCO ACREAGE TO BE INCREASED

Inquiries in various parts of the county indicate that there will be a decided increase in the tobacco acreage this year in Madison county and growers are of the opinion that with favorable weather, all previous records as to production will be shattered.

With eight large new barns added, there will be approximately 200 acres of land utilized in tobacco raising on the Nelson Gay farm, four miles south-west of the city, while Bud Cornelson will have under contract nearly 400 acres. Thomas Baldwin will have an additional forty acres, besides the usual farm on the Speedwell pike, south of Richmond. He will also have some new barns this year. J. R. McKinney is preparing to have his farm southeast of the city planted as usual and will probably add to the acreage while numerous others are increasing crops territory. Alec Turpin, living west of Richmond who is another well known tobacco producer said Monday that there was a disposition upon the part of most of the raisers of tobacco to increase this year and he as well as others, believed that the sales next fall would be the heaviest in years.

First Christian Church
Sunday school at 9:30. Morning service at 10:45, subject, "The Churches Leadership." All members are requested to be present that they may obtain a voting ballot for the election of officers the following Sunday.

Increase In Somerset

Word has been received from the National Refining Company, of Cleveland, Ohio that Somerset oil is now worth four dollars a barrel. The telegram authorized the payment of the sum for Big Sinking field oil, delivered to the National's pipe lines, which has been selling at \$3.75 a barrel.

A school in which instruction in rowing boats is given on a shallow tank has been established in a London store.

Swearing at "central" while using telephones, or endeavoring to do so is held justifiable in Columbus, O., for the removal of the phone service, according to reports from the Capitol of the Buckeye state.

Danville is organizing a Golf and Country Club. Can you beat it?

WANTED—Good bookkeeper and stenographer. Good wages to the right parties. Lady preferred. Call at this office.

ARE YOU HAPPY

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effective, easy and pleasant to take.

How Is Your Complexion?

WEATHER

Fair tonight; Sunday fair and warmer; probably followed by showers in western portion.

INVITED BY CAMDEN TO MEET GOV. COX

Unless all signs fail Kentucky is going to instruct for Gov. Cox of Ohio for the democratic presidential nomination at the state convention in Louisville May 4th. All this section of the state is solid for him, if newspaper reports can be believed, and since he has been speaking in Western Kentucky he has made many friends there. Senator J. N. Camden will entertain Gov. Cox at his handsome home near Versailles for luncheon April 29th. Two Madison county democrats have received telegraphic invitations to the affair Judge W. R. Shackelford and S. M. Sautley will both attend. It is expected that a number of leading democrats from this section of the state will be present to meet the Ohio executive who bids fair to be democracy's next standard bearer in the nation.

BIG DAY NEAR

Everything Ready For Coming
Of Hagenbeck-Wallace Circus

It's the circus that's the question of the hour in Richmond, at least for the small boys of six as well as for those of sixty. The billboards, barns and dead walls are announcing with all fluency of pictorial art the coming of the Great Hagenbeck-Wallace Circus. And already preparations are being made for the one big holiday event of the year, acknowledged to be better than Christmas and the Fourth of July put together, circus day with its manifold promises. About the time the milkman is making his rounds on the morning of Thursday, April 29th, the first of the three big long trains of yellow cars will be coming slowly pulling into the railroad yards.

Much is promised by the management of the Hagenbeck-Wallace Circus this season. The show has reached such a size that it is causing the railroads considerable uneasiness to handle the trains and, in short, if they were any longer it would be impossible. European agents have sacked the Old World, in a quest for novelties. The question of salary was not considered for the particular and dangerous acts.

There are 400 performers, who will take part in the big show program. Every artist was selected because of some special merit. New acts and faces will tend to eradicate the fallacy that "all circuses are alike." Foremost among the features is Ritter, who slides on his head down a long silver wire from the top-most pinnacle of the arena; the Marvelous Eugen troupe of 12 male acrobats from the Royal Circus, Amsterdam, Holland; the Cottrell-Powell Trio of riders from the London Hippodrome; La Rose Marguerite, the society equestrienne, with her tango horses; the Sisters La Tow, debutante wire artists, and almost 200 features. The Hagenbeck trained wild animals form a big feature of the show. In an immense steel arena will be seen lions, tigers, leopards, polar bears and other wild beasts broken to perform marvelous feats.

During the engagement, which is for a single day, performances will be given at 2 and 8 p. m.

The doors will be opened an hour earlier. The parade is at 10 o'clock in the morning and will tour over the principal streets.

During the entire day, a downtown ticket office will be opened at H. L. Perry & Son's.

TOO LATE TO CLASSIFY

FOR SALE—Detroit Jewel gas range in good condition. Apply to Mrs. Selby Wiggins.

FOR SALE—Lot of old lumber. See Tom Collins at Richmond Welch Co.

THE daughters of the Rebekah Lodge, No. 28, I. O. O. F. will have a box supper Tuesday night, April 27th, at 8 o'clock, in the Odd Fellows' Hall over the opera house.

STRAYED—To my place about two weeks ago, 2 shoats weight about 65 pounds each, wren can have same by proving property and paying charges. S. A. Best, R. D. 1.

LOST—A pocketbook containing \$15; return to Nelson Ward, and receive reward.

INTER-SOCIETY FIELD MEETING

**Hundreds Of Students At Normal
School To Try For Honors
Early Next Month**

When the athletes from Sue Bennett Memorial and Union College came to the Normal school on Friday, May 7, to complete in the track meet, they had better look to their laurels, in the opinion of superintendent of athletics C. A. McCoy for indications point to some very promising timber at the local school.

In order to be in better condition for the contests, there will be an Inter Society track and field meet held at the Normal school next Monday afternoon. This will be for the purpose of development of talent and to get the participants lined up properly. There are six societies to participate in the contests the first of the week, the membership of some being as high as 75 students. This will admit of a big list of contestants to pick from. After the work Monday, Mr. McCoy will be able to pick a team to represent the school in the events for May 7.

The list of events for next Monday will be as follows:
Running 100 yards; 220 yards; 440 yards; and 1 mile high jump, pole vault; shot put, discus throw and relay.

ALL HANDS 'ROUND

The excavation of the streets preparatory to placing the asphalt, has been renewed with vim and vigor, with the arrival of clear weather, and contractor McLain said today that he would hire every man that showed a disposition to work and leave him on the job. The work, as it is progressing from the west on Main street, is developing fast, and it is the opinion of the contractor that they will be able to finish their work here within a short time, with favorable weather, and admit of the starting of the paving.

OPERATOR J. C. CAIN IS MAKING EXTENSION TOUR

J. C. Cain well known L. & N. telegraph operator who has been making an extensive tour of the south, writes that he has finished his travels in Florida and other coast states and is now in California, and on route to Oregon, where after spending a short time will visit the Yellowstone National Park and other places of interest in the middle west. He visited the home of Charles Chaplin, he writes, while in Los Angeles, as well as other places of interest. He will visit Oregon and Colorado before returning home. He expects to arrive within a short time however, and will bring a supply of interesting tales of his sight-seeing tour which has covered a period of more than four months.

BASE BALL AVERAGES

(By Associated Press)
Chicago, Ill., April 24—George Weaver, third baseman of the Chicago White Sox, league champions tops the batters in the American league with an average of .600 acquired three games according to unofficial average made public today, and which includes Wednesday game, "Babe Ruth," last seasons batting champion got off to a bad start and in the five games New York has played, the home run king, is hitting only .238, the result of five hits, including a double, in 21 times at bat. C. Walker, of Philadelphia who has been in four games has hit two circuit drives.

Elliott of Brooklyn with an average of .667 tops the National league batters. He made his mark in three games, getting four hits in six times at bat. Z. Wheat, a team mate however is hitting .526 for five games, being credited with 10 hits in 19 times at bat. Roush, Cincinnati, who won the batting honors last season in batting .222. This average was attained in five games, in which he was at bat 18 times and made 4 hits.

Pie Supper At Kavanaugh

There will be a pie supper at Kavanaugh school house Tuesday night, April 27. All invited to attend.

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet, and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

Whether Cotter Pin or Complete Overhaul

You can get it in our sales and service station. We are authorized Ford Dealers. In our stockroom we carry every part that goes into a Ford car or Ford truck. They're genuine Ford parts, too—each made of the same tough, durable Vanadium steel as its counterpart in the Ford car. Our special Ford repair shop is thoroughly equipped with specially designed tools and up-to-the-minute machinery so that repairs, adjustments or complete overhauls for Ford cars can be handled promptly and efficiently.

Our mechanics who will do the work on your Ford cars, or trucks, understand the Ford mechanism and know the right way to tune it up. And for the work you will pay only the reasonable Ford prices.

We are a part of the Big Ford Family, and not only repair Fords but sell them as well. We have more than a passing interest in the service we give you. Drive to our garage when your Ford needs repairing. For safety's sake have the authorized Ford dealer do it.

There are two authorized Ford dealers in Madison county, distinguished by the **Ford Authorized Sales and Service** sign—a part of that great Ford Service organization which was formed chiefly to put within each community dealers who would have more than a passing interest in Ford repairs and adjustments, who are prepared and equipped to render prompt, careful Ford Service.

Political Announcements

The Daily Register is authorized to announce the following candidates for office, subject to the action of the Democratic party:

For Congress
RALPH GIBBERT, of Shelby County.
FRANK RIPPY, of Anderson county.

The Overall Fad

Jim Allen, of the Cynthiana Democrat doesn't think much of this overall fad, and it strikes us he's pretty nearly right about it, as he usually is on every subject. He takes this view of it in his paper this week.

This "overall" movement whereby bankers, clerks, ministers, doctors, and what-not propose to wear denims as a protest against the high cost of clothing, is a foolish fad that means nothing but harm. Of course the price of overalls will be advanced as soon as there is an unusual demand, and the faddists will pay for their foolishness in stuff they don't want and won't wear for any length of time, and at the same time increase the price of garments that men who need them must buy. The way for the well-to-do to cut the price of clothes is to wear old clothes—get the good out of suits that have been cast aside. The way to bring down the cost of everything is to do without what is not needed and quit buying.

New Barnes Home

Is Nearing Completion

Eugene Barnes, residing west of the city, will soon be able to report the completion of his elegant twelve-room house which will be his future home. The work which started last year and held up owing to the inability to get the proper material, is again under way and will soon be completed. This will add another to the list of elegant residences in the county which characterizes the county of Madison. The Barnes home will be modern in every respect and will be very attractive, as well as commodious and comfortable.

There is said to be room in Richmond for a number of additional men with teams.

SEASON COMING FOR LIVESTOCK

The season for shipping livestock from Madison county is approaching and there is every indication that the county will continue to lead in this respect. Livestock dealers and buyers generally agree that this will be a banner year for stock and preparations are being made for large shipments in the near future.

"The season for Madison county will open about the first of July," said Mr. Brandenburg, of the stock buying firm of Benton & Brandenburg, and I expect that it will last until October. There will be heavy shipments of hogs and cattle both to Cincinnati and Chicago. This locality is the best in the state of Kentucky. There is evidence of a great number of hogs, and this will represent a feature of early buying. We expect to get out several carloads daily, after the season is once under way and I firmly believe that the shipments this year will be the heaviest in years and there is no doubt that Madison county will finish far in the lead as usual.

Young Rabbits Numerous

Charles Handley, living north of the city said Friday that he had never seen so many young rabbits at this season of the year. "They seem to be every place," he explained in commenting upon the number of young bunnies. There will be great sport and plenty of it next fall, he said, speaking of his surprise at the abundance of the "early crop of rabbits."

IMPORTANT NOTICE TO SUBSCRIBERS

On and after the 1st day of May, 1920, the mail subscription price of the Daily Register will be \$4.00 per year.

Up to May 1 you may have the privilege of renewing for another year at \$3 a year, no matter whether your subscription has expired as yet, or not. In other words, if you pay \$3 before May 1st and your subscription is now paid to, say, July 1st, you will be marked paid up to July 1, 1921.

The fearful cost of paper and great scarcity at any price makes this increase absolutely necessary.

FREE TRIAL

WITHOUT A PENNY OF COST OR ANY OBLIGATION WHATSOEVER, YOU MAY TRY THE EDEN IN YOUR OWN HOME ON YOUR OWN WASHING.

"Buy If You Like and Pay as You Save"

You family washing costs you \$2.00 per week. With the Eden Way you save enough in less than a year's time to pay for the machine, besides you save the loss of clothes which amounts to a great many dollars during the course of a year.

Some Interesting Facts About "THE EDEN"

Our grandmother used to cleanse her fine things by dipping them up and down in a bowl of hot water and suds. The EDEN not only does this for you—but dips everything up and down in the big washing cylinder without wear—without injury.

Everything washable, from the delicate garments to woolen blankets, is thoroughly cleansed in the Eden without the slightest trace of wear or tear. In a few minutes your clothes (overalls or laces) have lost every trace of dirt or grease.

The Eden is simple. It has no moving machinery exposed to catch and injure things. The power is transmitted by gears fully encased. Two levers control the entire operation of both washer and wringer.

The Eden is sanitary. The "sediment zone" is an exclusive Eden feature. Unlike most other washing machines, the loose dirt is not churned back and forth through your clothes, but settles at once, keeping the water clean and sanitary.

The Eden is safe. It cannot blow out fuses or burn out the motor. This is provided for by the special clutch that automatically re-leases the washer or wringer when strained by overloading. The swinging wringer is safe, strong and durable—like every other part of the Eden, and is automatically interlocking.

Eight years of superior service to many thousands of women is the Eden's best recommendation. When you buy an Eden you make no experiment—it is time-tried and proven.

GASOLINE PRICE MAY BE PROFIT

Decrease In Number Of Accidents As Result Of Less Careless Use Of Fluid Predicted

Gasoline is becoming a more important on the farm and in the country generally and the contemplated raise in price will not be of much moment to those who have to use the fluid, it is said by dealers in gasoline driven machines. Imminent dealers assert that the last thing the farmer thinks of is the price of gasoline, since what he wants and wants quick, is service. He wants the machines and wants to get them to work as soon as possible. This is due to the fact that the farmer used this farm machinery for its effectiveness, not for the pleasure of it. He wants his work done and this is the quickest way to get it done and the value of the gasoline driven machinery is being more and more in evidence as the scarcity of labor is seen in the country.

Automobile dealers declare that this feature of the trade is not giving them any alarm whatever. They admit there may be a number of increases in the price, but this will decrease the number of accidents. Especially is this believed to be true in cities, where it is a known fact many youngsters, who have nothing else to do make it a practice to "give dad's machine a workout."

GASOLINE TO COST EVEN MORE

Another advance in the price of gasoline closely following the recent one is predicted by refiners and representatives of various oil companies.

The cause for the increase is the increased consumption—a gasoline shortage and the advance in prices of crude oil refiners say.

C. P. Collins, president of the Standard Oil Company of Kentucky, in a statement declared the price of crude oil has almost doubled during the past six months while the price of gasoline has only increased four or five cents on the gallon.

One oil company representative, increased consumption, said that during the past seven years the production and use of automobiles had increased 1,700 per cent, while the increase in production of gasoline through the various processes used lately by refiners has increased only 590 per cent.

ROBERTS IS BUSY WITH BUICK TRADE

Burton Roberts, handling the Buick, reports that he has been a very busy man during the past week, and that the demand for the machine far exceeds the supply. He stated Saturday that he could sell a number of additional machines, if he could but get them to Richmond. He is another dealer who is being harassed by would-be buyers, if the machines could only be procured.

Among the new owners of Buicks are: Mrs. William Hendren, living west of the city who has purchased a roadster; contractor J. B. McLain, of Newport, Ky., who is busily engaged in placing the new sewer beneath the Richmond streets, Bud Cornelison, of Richmond, a five passenger car; J. H. Oldham, Richmond, five passenger car; James Hamilton, Richmond, five passenger car; John Goodloe, Richmond, seven passenger car.

Dispatches from London state that the Duke of Rutland will not admit of his daughter, Lady Diana Cooper, starring in the movies, for \$5,000 per week, but has no objection to her editing a "fashion journal."

Mrs. Elbert Murphy, of Cottonburg, spent Friday with her sister, Mrs. Nat Whitaker.

REAL ESTATE AND LIVE STOCK AUCTIONEER
As evidence of my ability, I refer you to many farmers, stock men, and real estate dealers for whom I have conducted sales throughout the Blue Grass, RICHMOND, KY.

BRINGS 'EM OVERLAND

The Reeves Company, handling the Maxwells, continues to send to Cincinnati and have the new cars driven overland to Richmond, since this is the only manner, they claim in which the autos can be obtained. Business with this firm is good, and would be better, Mr. Reeves remarked Saturday, if they could but get the machines—same complaint of the other dealers of the city. "The shipping facilities are put back further every week the strike continues and it will require much time to get things straightened out, even after the difference is settled". He reported that while the number of machines handled was smaller than usual the past week, there had been an unusual demand for gasoline.

COMPLIMENT TO RICHMOND LADIES

Fair Drivers Are Careful And Set Excellent Example To Men Says Police Chief

Owing to the condition of the streets, there are said to be fewer accidents in Richmond for the size of the city than any other in this part of the state, the local police assert. "All seem to take into consideration, the fact that they must be careful and accidents are very few and far between", commended Chief of Police Devore Saturday morning. "Owners of vehicles are educated to the art of carefulness here and since the streets have been torn up, they seem to realize that caution is necessary, with the result that few accidents are reported. There are many women drivers, some of them pretty young, whom I will put against the most careful drivers, and they contribute largely to the good record being made for the city relative auto accidents. Some of them will cross streets filled with people at times, wending their way slowly and always having perfect control of their machines, being able to stop within a distance of two or three feet, thus reducing the danger of accidents to the minimum. I hope that some of the young men will profit by this statement regarding the ladies as drivers, and keep up the record as it is at the present time, for it is surely a credit to the city when the number of machines in use, together with condition of the streets, is considered."

Several business men of Hickman have formed a coffin company and will soon embark in the business of manufacturing coffins.

Scores of new names are being added to the membership list of the Christian county Overall Club at Hopkinsville and it is said that the ladies will follow in the movement in the way of donning gingham dresses.

THE MOST BEAUTIFUL CAR IN AMERICA

The Ideal Twelve-Month Car

The enjoyment of riding in a Paige Coupe is more than a matter of beautiful surroundings.

Besides being a car of exquisite beauty it is also a car of luxurious comfort.

In upholstery and fitments it is all that could be desired. And its five-passenger roominess is quite the exception among cars of this type.

Like the Paige five and seven-passenger Sedans, it is the eminently practical

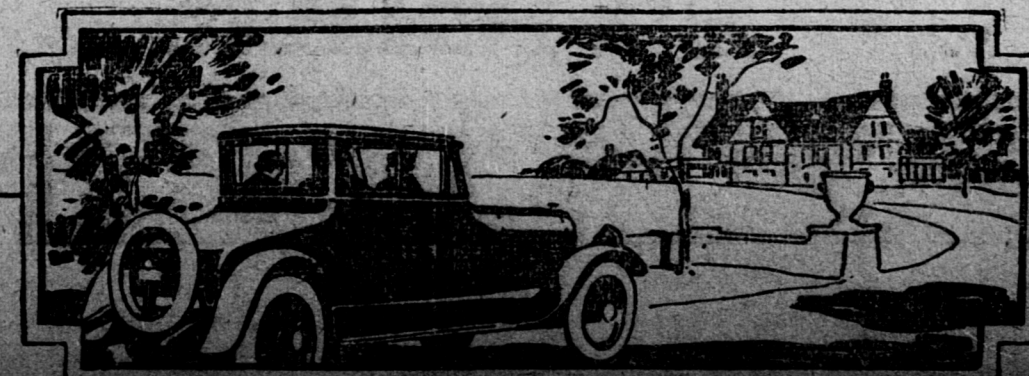

vehicle for comfortable service in any season and in any weather. In short, it is the ideal car for year-round use.

Paige Enclosed Cars are everywhere recognized as holding an enviable position among America's finest motor carriages.

Let us suggest that you inspect this season's models at our dealer's show show rooms and arrange with him for a demonstration before deciding on your 1920 motor car purchase.

Ladies of Paris start another fad—that of wearing wings on their shoes. Wonder if this will make the prices of ladies' shoes "soar?"

A Newark, N. J. firm advertises overalls at prices ranging from \$2.50 to \$42.50. The latter are furnished with buckles with rhinestone settings. Tradition ascribes the downfall of the Toltecs who attended the Aztecs to pulque, the common strong drink of Mexico.

COUNTY WORK OF DISCIPLES BEGINS

"The Kentucky Division Disciples' World Movement campaign was launched successfully the past week," said Dr. Homer W. Carpenter, co-director of the campaign with Dr. Joseph W. Hagin, in the Disciples' campaign headquarters at Lexington. "County organizations have been formed in most of the counties in which there are Disciples' churches and the teams which visited these counties the past week in the main were greeted by interested members and had no difficulty in forming county organizations preparatory to the drive for funds May 9 to 16.

"Some of the leading men and women of the church took part in this organization work. With the exception of a few cases in which unexpected changes of program were made necessary, the meetings were held as announced.

"Five members of the Disciples' teams were released from the organization work for Interchurch World Movement conferences, including Dr. I. J. Spencer, Rev. Joseph D. Armstrong, Rev. E. S. Smith, Rev. E. W. Elliott and Mrs. Ida Withers Harrison. These leaders, with others of our church, will also take part in Interchurch World Movement conferences this week, Dr. Spencer being the leader of one of the I. W. M. teams."

BIG DEMAND FOR MADISON PRODUCE

James Pearson Is Attracting More Than Local Attention As A Specialist In Trucking

James Pearson, living in the west of the city in the Barnes Mill neighborhood, who is rapidly becoming well known as one of the leading truck producers of the county, will be "away out there" this season according to the report of Al Cornelison and other of his neighbors, since his acreage this season will be the greatest he has ventured to handle. The produce from this well known farm will soon be in evidence in Richmond. Mr. Pearson has been assured of a ready market for all produce he can muster up, and the markets of the bigger cities are anxious for it. He has been informed by dealers in Cincinnati that they would like to contract for his entire production, believing that he had "half the county" planted, as one of his neighbors said. The result of recent years has developed many facts, one of the chief ones being that the produce from this locality is of a most excellent quality, and out of the ordinary when compared to some shipped from further districts. Better prices are received for it than for the ordinary run of produce, which speaks well both for the producer and the locality in which it is grown.

Danville Wants L. & N.

The Louisville & Nashville will be requested to run a branch line into Danville by the Chamber of Commerce there. Senator J. W. Harlan, A. B. Massey, W. S. Gore and H. L. Nichols have been appointed to confer with the officials of the road and to make the request.

Surveying parties of the Louisville & Nashville have been in that county for several weeks making surveys to eliminate a heavy grade on the track.

CONSTITUTION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Memphis, Ky.—Mrs. Pearl Patrick of this place writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape. I cannot say too much for Black-Draught for it is the finest laxative one can use. The doctor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO-121

MADISON COUNTY FARMERS MODERN

With Latest Equipment, They Are Keeping Abreast of The Times—Scarcity Of Labor

Modern equipment for the farm can be seen in many of the fields in Madison county today and it is not necessary to come to the city to witness a demonstration, said Harrison White, residing west of the city on the Barnes Mill pike. There are to be seen in the fields surrounding Richmond, the latest designs in the way of paraphernalia for farming, and the farmers are becoming more modern in every respect. Gasoline engines which will pull three or more plows are very much in evidence, while the most modern apparatus for tilling the soil generally, is to be seen. Mr. White said that the price of gasoline would not cut much figure, as he expressed it, relative to interfering with the work on the farm in the way of interference, since one of the late machines would do the work of several men. The scarcity of labor in the rural districts is one of the best recommendations in the way of selling the "rapid fire" cultivators, Mr. White stated. The scarcity of labor is becoming more and more apparent each year. He added that no matter what the cost, the average farmer could make a good investment, in the way of late and labor-saving machinery. "Here we have the gasoline engine which pulls a plow, a harrow and a drag, if you like, all at the same time, and there the work of three men and teams represented. In good ground, once over and it is ready for plowing, in many instances. Madison county can also boast of some excellent threshing machinery.

When You Consider ROOFING For the New Barn

—look ahead for next winter, when that barn will be fairly bursting with this year's crop. It is then that you will need a roofing that will protect the fruits of whole year's labor—a roofing that will guard it against fire and all the elements of destruction. Consider this, and your logical choice will be Patent Corrugated Galvanized Iron Roofing—roofing the basis of which is imperishable rock. —A roofing easily applied, that rarely needs painting or coating, and that after years of service shows practically no signs of wear.
